Purple Turmeric  
Tablet

[Local market Price]

**3,990yen**  
(before tax 3,800yen)

Wild turmeric contains high levels of curcumin and essential oils, while Autumn Turmeric has high levels of curcumin and Zedoary is plentiful in essential oils. The best parts of each type of turmeric have been carefully extracted and combined into an exquisite blend to produce these easy to swallow tablets.

Product  
information

Only those that were contract cultivated in the northern region of Okinawa Prefecture have been used, and three types of turmeric consisting of essential oils from wild turmeric, pigment composition (curcumin) abundant with common turmeric, and Zedoary that contains essential oils with high medicinal properties have been blended into easy to take tablets.

Ryukyu kasuri

The fabric that has been introduced to Okinawa during times of the Ryukyu Kingdom from India via Southeast Asia is the Ryukyu kasuri. It then spread into mainland Japan as the Kurume kasuri, Yonezawa kasuri and the Iyo kasuri.
