JAN code	4963675326638		
Size/Weight	Product / H 411 × 240 × 1 Single package / 50 × 70 × 1 weight 9g section revolver / 140 × 265 × 445 weight 3.8kg		
			
【Features】			
<p>This legendary supplement was developed by the Okinawa Health Food Development Cooperative in collaboration with the National University of the Ryukyus Faculty of Medicine. Many people in the entertainment industry use this product, and it is a staple for Okinawans who like to drink. It is easy to take and comes in a convenient, portable packet. It contains four kinds of turmeric (spring turmeric, Okinawa Imperial Gold turmeric (original turmeric with improved breeding), white turmeric, and purple turmeric), which are the source of vitality, as well as mangelicon, guava, and gymnema sylvestre, which are said to be good for blood sugar levels. For the daily health of drinkers and non-drinkers alike! This product is made from 100% pesticide-free and organically grown ingredients produced in the prefecture at our own factory. No coloring agents are used.</p>			
【Remarks】			
<p>Okinawa Imperial Gold Turmeric is a variety of turmeric that we have researched and improved. It has twice as much antioxidant power as ordinary autumn turmeric! Total curcumin content is 3.3 times higher! Tetrahydrocurcumin is 35 times higher! The cross section of the plant is breathtaking! The parent plant grows upward like</p>
