

# Product Specification

<b>Product Name</b>	<b>Manju Fresh-pack</b>		<b>Package Design</b>
<b>JAN code</b>	4 562138 273016 (no ITF code)		
<b>Volume</b>	10ml × 30 packs		
<b>Qty/carton</b>	20 boxes		
<b>Market price</b>	JPY3,250		
<b>Sales Company</b>	<b>Tropical Plant Resources Institute, Inc.</b> 1212-4 Enobi, Uruma-city, Okinawa 904-2205, Japan		
<b>Package Information</b>	H × W × D / Weight Cardboard 140 × 95 × 55 (mm) / 380g 20 pcs/cn 205 × 285 × 368 (mm) / 8.0 kg		
<b>資材材質</b>	《Container》Aluminum Pouch《Inner case》 Cardboard 《Outer case》 Carton box		
<b>Product Features</b>			
<p><b>Catchphrase: Health &amp; Beauty by improving intestinal environment</b></p> <p>“Manju” is Valued Health Extract Drink made up with the ingredients of Domestic health food materials such as Green Papaya and Mozuku seaweed from Okinawa, Brown rice, Rice bran and Konbu seaweed from some other prefectures in Japan, matured and fermented by Effective Microorganisms (EM).          All the ingredients as well as its production method by long aging with 5 stage fermentation, have never changed since its initial sales.          You can drink it smoothly with no smell and taste despite of being fermented and apply it in various drink and cooking.          We have received many thanks from our users on its effectiveness of improving constipation and immune function.</p> <p><b>【Patent Registration Number】</b>          《No.5563550》 Antioxidant and its drink      《No.5390589》 Angiogenesis inhibitor          《No.5525511》 Therapeutic drug for Nonalcoholic fatty liver</p>
