TEL: 81-98-973-3211 / FAX:81-98-973-1857

---

## SPECIFICATION

**Place of origin:** Okinawa (Japan)

**Brand Name:** Shequasar Liqueur

**Ingredients:** distilled alcohol, granulated sugar, shequasar juice, citrus aside, vitamin C, coloring extracted from safflower and spice

**Alcohol Content:** 12%

**Volume:** 500 ml (bottled)

**Feature:** Shequasar is a tiny citrus fruit which grows naturally in Okinawa. It is featured in sour flavor like lemon and refreshing aroma for mandarin oranges. Shequasar Liqueur is cocktail made up on the base of white liquor distilled from syrup and corn, with Shequasar juice.

## Production Method

- 1. Blending:** blending designated amount of 100% shequasar juice with the white liquor in the mixture tank.
- 2. Seasoning:** putting granulated sugar, citric aside, vitamin C for seasoning and fixing aroma and flavor with safflower coloring and spice.
- 3. Filling:** moving the shequasar liqueur through filtration to the fill-up line and filling up in the designated glass bottles after sterilization with heated water.
- 4. shipment:** each bottle is case-packed and one doze of case-packed bottles are placed in the hard carton box for shipment.
