

# What is “酒豪伝説”?

■Please take “Shugo Densetsu” before you drink.

Ryukyu Shugo Densetsu that literally means legendary winebibber is supplement for taking in before alcohol beverages. It gained the most popularity specially in Okinawa where heavy drinkers flock together. The products have been sold at more than 300 pubs and restaurants in two years after the first sales

by word of mouth. All the ingredients are produced in Okinawa. Please take in all 15 tablets (10 tbs for yellow and 5 tbs for brown) in single pack before meal and drink.

■United turmeric for yellow tablets: 10 tablets in single pack

They are mixed up with three kinds of turmeric and Polyporaceae at their best proportion ratio. Alcohol beverage makes us feel relaxed and pleasant free from daily stress and fatigue. But too much drink will be taken over with heavy hangover. Please take them before drink not to regret it.

■Herbal tablets for brown tablets: 5 tablets in single pack

Three kinds of herbs such as *ocimum basilicum leucaena* and Guava are well balanced for the best function to lower the blood sugar level and are made up tablets as natural food. It's usual to eat too much at table with alcohol beverage. We come to think “going on a diet” to see the weight gain next morning. You can reset with the brown tablets by their function to break down the sugar

content.

This product bore fruits by the joint research with National University of Ryukyu, Okinawa agricultural experiment Center and Okinawa Tropical Techno Center.
